

June Pride Exhibition at Pilchuck:

CALL FOR LGBTQIA+ ARTISTS

Are you a working glass artist who aligns with a facet of the LGBTQIA+ community? Pilchuck Glass School wants to see your work!

This year marks the 50th anniversary of the Stonewall Riots in New York City, a pivotal turning point in the gay civil rights movement. Since June 28, 1970, LGBTQIA+ identifying people have gathered to commemorate their struggles, recognize their successes, celebrate their sexual diversity and gender variance, and advocate for their communities.

“LGBTQIA+ Pride Month,” or what we now simply call “Pride”, is a sensation that takes place world-wide, celebrating the human right to live our truth, stand in the face of adversity, and continue to make strides towards societal liberation.

In honor of Pride, Pilchuck Glass School is hosting a month-long exhibition in June to showcase the LGBTQIA+ identifying members of the glass community!
