

The 2019 Summer Staff application is hosted by slideroom.com. When you click on the link to apply, you will be redirected from pilchuck.com to slideroom.com where you can create a new account or sign-in with your existing slideroom account. There is no cost to set-up a slideroom account or to apply for Summer Staff. Applying for Staff is separate from the Scholarship, Priority Placement, TA and AA application. If applying for multiple opportunities, give yourself plenty of time to complete the applications prior to the deadline.

**VERY IMPORTANT:** If you are using an existing slideroom account, please update your phone number and address, this info will be used for all communications going forward.

For the application, you will need to prepare two written statements, select four images of your strongest artwork [or projects] and upload an artist CV or work resume. Although you can save your progress and return, it is recommended that you spend time to prepare materials ahead of time.

The deadline to apply is February 1, 2019 by 11:59 PM [Pacific]. Summer Staff selection is a competitive process based on a number of factors, including your previous experience as it relates to your application, recommendations, training, education, experience at PGS, your essays, media uploads, your peer competition, etc.

All applicants will be notified regarding their application on March 8, 2019 via email. Applying as a student, TA or AA does not negatively impact your application, and at times, you may be invited for multiple opportunities on campus during the same session because you applied for other opportunities—it's great to have choices! If invited to participate on Summer Staff, you will need to accept or decline the offer by March 17, 2019.

If you have any questions, contact Abram Deslauriers, Operations Supervisor via email: [adeslauriers@pilchuck.com](mailto:adeslauriers@pilchuck.com) well in advance of the February 1st, 2019 deadline. The deadline is real, do not delay!
